Dear mr Weisberg

Thank you for everything, I really liked going through all of those files and looking at all of your things you have.

We made it home OK, It was a long drive. I read 3 chapters of White Wash along the way, so far so good.

I am getting everything ready for my last chapter, I got alot of information I dont know were to begin.

my next store neibor Charle looked at some of the files I got, he really liked them.

On Thursday I started rewriting one of my chapters and I looked back on the first. I mad a few corrections, tell me if this is right, the Warren Commisson was appointed a week later and the report was out 10 monthes later. The name of my book on the rough draft is JFK: Exposing the cover up my neibor Charle just put it on the paper.

It does sound good but the name I had was A Teenager's View of the JFK Assassination. That was my title. Tell me if you like it cause I can always keep the one Charly put on.

I'll right back soon

Your friend

Cal Schoonover

ps. Thanks again
